

Dear

It's Christmastime again, and my elves have told me that you've been very good this year. In fact, you're at the top of the Nice List! That means you deserve a special present.

I see from your wish list you are hoping for this Christmas. What a great choice! That's one of my favorites this year, too! There's still some time until Christmas but if you keep up the good behavior and the elves finish up polishing the sleigh, I think you'll be very happy with my special delivery when you wake up Christmas morning!

OK, I have to get back to work to make sure we have everything ready in time. The reindeer and I can't wait to visit you in _____ to deliver your special gift. Be sure to leave out a cookie for me and a carrot for your favorite reindeer!

Merry Christmas,

-Santa Claus
